Hello Gerard -

The work you did for me in my upstairs apartment more than exceeded my expectations. Now that the tenant has moved in and is delighted with everything, I am more than satisfied with the results.

All together, the siding and the new roof plus the repairs and painting upstairs are just great. I think the eye-catcher is the new kitchen floor. I would highly recommend you and your wonderful workers to one and all.

You can put this in your portfolio to show future clients. Good work should be recognized and complimented.

Sincerely,
Marilyn Stant
